WHY FEMALES SUFFER IN HEALTH. THE MARRIED WOMAN'S

EVERY woman can here discover, by comparing her own First street, between Main and Locust, opposite Dr cause of her complaint, and he spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiries of a physician, in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to ke plated o to her situation, which she will here find. This book tells her hard and stro

what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand, but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from PECLAPECS UTERS (falling of the womb), or from FECCU ALSUS, will cach find in its pages the means of prevention, amelioration, and relief.

Much di tross of mind, as well as thousands pecuniarily might be saved to avery husband, if the simplest laws apportaining to the marriage state were better understood. That, thy are not better understood is traceable to that stabural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "The Married Woman's Private Medical Companion." every female has a physician that knows and describes her every symptom, feeling and allment, and which she can consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.]

[Extract of a letter from a gentleman in Dayton, Ohio.]

Dr. A. M. Monickau—My Dear Sir—My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and curing confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was intervisable, and resigned myself to meet the worst. I heard your book highly speken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my discressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy it opened a prosecut to me which I little conceived was possible. But for this, ere another year would have passed over my bead, in all human probability my wife would have been in her grave and my children left motherless.

Dr. W. T. OWEN-Dear Siri I have been afflicted with chills and favers fur six months, and after trying various renderes, I was induced to try a box of your Ague Fills, which have cured me sound and well, and I believe them to be the best medicine in use.

I was then adviced to try Dr. Owen's Chill Pills: I did so, and they stopped the chills, and I am new perfectly well. They also cured me of a most distressing pain in the side, which I was fearful would result in something serious. Persons afflicted with chills would do well to me them: they are cured me of a most distressibly pain in the Acc. Some afficient fearful would result in something serious. They operate by their powerful influence on the intrnst viscors to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.
